Preschool of Rock!

You don't have to be preschool age! If you can get to Mr. Guth's Music Studio around 1-2 p.m. weekdays, you (or your child) can record your very own mp3 and cd! You can sing (or rap), play percussion instruments, drum set, and keyboards!

Record a familiar song, or make one up!

You get three 1/2 hour studio sessions to record the material. I will then edit/mix/master the material, and put a picture you supply onto a cd! Send it to your relatives, or music industry bigwigs!

Email me if you want to hear some sample material.

\$100 total cost
